I advise pharmaceutical companies, medical device manufacturers and other players in the life sciences sector, on regulatory and contractual matters. I also assist them on litigation in this sector.

A member of the Paris Bar since 2020, I hold a Master's degree in Economic Law (specialising in Companies, Markets and Regulation), from Sciences Po Paris Law School, and a Master II in Health Products Industries Law from Paris Descartes University.

Before joining Fieldfisher, I worked in a pharmaceutical company, and in the Life Sciences department of an international law firm.

I speak French and English.
