I take a keen interest in the legislative process. I assisted in the drafting of the legislation dealing with the charge to SDLT on transfers of interests in property investment partnerships.

I have worked in the energy sector in advising on all VAT aspects of the financing, construction, and operation of the UK Belgium Interconnector natural gas pipeline.

I have advised on the VAT and SDLT aspects of complex structures for developers and investors in real estate.

I have substantial experience in advising on VAT for the aviation, life sciences and regulatory sectors.
