My particular expertise is [corporate](#) and [competition](#) law advice on cross-border transactions and issues. I lead and co-ordinate multi-jurisdictional M&A transactions and merger control filings. Besides, I help clients to achieve efficient and compliant corporate structures and distribution systems.

As an expert in the medtech sector I am ranked as a leading lawyer for life sciences in Chambers Europe.

I studied law in Germany and the Netherlands and was awarded the title of a Master of Laws (European and comparative law) by the University of Maastricht.

I advise in German and English.

My spare time is dedicated to my family and sports.
