My practice focuses on cross-border transactions, private equity and venture capital. In addition, I advise clients regularly in restructuring projects, reorganisations and corporate litigation. The transactions I advise on are wide-ranging in scope and complexity, including international auctioned sales projects, fund raisings, cross-border joint ventures and all sorts of incentive programs for the management.

Amongst my clients are domestic and international corporate groups, financial institutions, private equity funds and private clients, in particular from the payment, technology, automotive and healthcare sector.

Since my admission to the German bar in 2003 I worked for law firms in Germany, New York and London before I joined Fieldfisher. My work has been regularly recognised by Juve which lists me as a recommended M&A expert.

I am a member of the firm's Supervisory Board since 2018.

I advise my clients in German and English.
