I am a partner in the corporate team, specialising in mergers and acquisitions and venture capital transactions, working with a range of clients from innovative UK venture-backed growth companies on financing rounds to advising large multinationals and corporate venture funds on strategic acquisitions, investments, and disposals.

I have particular expertise in advising IP-rich, data-led and regulated technology companies, particularly digital and SaaS businesses, on M&A, fundraisings, joint ventures, and corporate governance, with wide experience acting for life science spin-outs and high growth ventures. I have also acted for numerous clients in the food and drink retail sector.

I was named as one of Legal Week's "[40 Under 40 Rising Stars in Private Equity 2019](#)", which credited me for my large client base, particularly in the technology sector, and my work for clients including Fuse Universal and Accenture Ventures.
