I am a Senior Associate at the Tax Department of Fieldfisher-JAUSAS. I have an extensive experience in all phases of M&A processes, and I am a specialist in global tax advice to large national and international companies and consolidated groups regarding all applicable taxes.

I have also directed and supervised tax inspection processes of large companies, national groups, and subsidiaries of large multinationals, especially in the pharmaceutical field.

Before joining JAUSAS, I was the Head of the Tax Department in GMQ, and the Senior Manager at KPMG M&A TAX GROUP, where I acquired a broad experience in all phases of acquisition processes, sale and restructuring of enterprises and national and international groups, having participated in some of the most important transactions developed in Spain in recent years, especially in the audiovisual, telecommunications and distribution areas.

Before joining JAUSAS, I rendered my services as a Tax Lawyer in PricewaterhouseCoopers-Landwell.
