I began my career at Fieldfisher in the Personal Injury and Medical Negligence Department in 2014. I qualified as a solicitor in 2017. I assist Mark Bowman on a range of complex and high value birth injury, surgical negligence and orthopaedic injury claims. I am developing my own case load and act exclusively for Claimants on a variety of cases including:

- Obstetrics and gynaecology negligence
- Birth injury claims
- Delayed diagnosis of cancer
- Orthopaedic injury resulting in amputation
- Road traffic accidents
