I am representing and advising my clients on all issues of intellectual property law, with a particular focus on patent and media law.

After having lived in New York for more than two years, I returned to Germany in March of 2017. In New York, I received an LL.M. degree from the Benjamin N. Cardozo School of Law with a specialization on US IP-Law. After graduating, I worked for several law firms in New York; this included work on a patent litigation matter.

Prior to my stay in the US, I graduated from Ludwig-Maximilians University with a specialisation on competition, IP law and media laws. During my legal clerkship in Munich, I worked for Constantin Film AG amongst others, and continued my work there after the end of the legal clerkship until the beginning of my LL.M. studies.

I am a member of the German-American Lawyers' Association.

I advise my clients in German and English.
