

OF COUNSEL, INSOLVENCY

Claudius Siebert

I am a specialist solicitor for insolvency law and was appointed as insolvency administrator at the Munich Local Court for more than ten years. During this time, I have handled more than 100 corporate insolvencies, including those with international connections. The focus of my work has been the continuation of insolvent companies, corporate profit and liquidity management as well as the reorganisation and restructuring of companies.

INSOLVENCY AND RESTRUCTURING

As an Of Council I am supporting Fieldfisher Germany in all insolvency law issues.

Currently I am concentrating on the COVID-19 Insolvency Suspension Act (COVInsAG). The focus is on the effects on the management of healthy companies as well as on business relationships with endangered companies.

I studied law at the Ludwig-Maximilian-University of Munich. Before that, I completed my training as a banker at the Sparkasse Starnberg. I am a member of the jury of the German Founder's Prize for School Students, for which I review and judge business plans. In my spare time, I like to go to the opera, theatre and do endurance sports.

I advise my clients in German and English.
