I have 20 years' experience in providing tax consultancy and support to Italian and multinational, medium and large enterprises.

I advise industrial and commercial companies, cooperatives and large retail groups.

I have proven professional experience in business taxation, tax planning, corporate reorganizations, tax due diligence, both for OIC and IAS adopters. I assist clients during tax audits, tax settlements and before local tax courts (in the event of litigation).

Before joining Fieldfisher I worked for leading tax and law firms and for the tax department of one of the "Big Four" firms.

I have a degree in Business Economy and Legislation from Bocconi University. I am a chartered accountant and auditor. I am also a member of several Boards of Statutory Auditors for leading Italian and international industrial companies.

I advise clients in Italian and English.
