I specialise and advise in finance and corporate civil law on a wide range of finance transactions, loans, investments, real estate funds and securities, corporate restructurings and transactions including cross-border mergers, acquisitions and disposals and joint ventures.

In cross-border transactions, I have broad experience in combining the laws of several jurisdictions to ensure projects succeed.

My clients are drawn from a range of sectors, including technology, retail, real estate, manufacturing, insurance companies, health sector and financial services.

My experience in the financial sector and as a board member of pension funds, has equipped me with insight into how to approach particularly complicated challenges.

My clients describe me as proactive, experienced, efficient and with a very pragmatic approach, in the best interests of the client.

I speak Dutch and English.
