I am a solicitor working in Fieldfisher's Public and Regulatory Department. I have experience advising public bodies and regulators on all aspects of their statutory functions and obligations under their governing and other legislation arising (both national and EU).

I have extensive experience in the investigation and preparation of cases for hearing before professional conduct and health committees of regulatory bodies.

My experience in financial regulation involved working on-site with a client (on secondment) assisting with a large scale investigation into breaches of contractual and other regulatory standards.

I have worked with the firm since 2014, starting as a trainee, before being admitted as a solicitor in Ireland in 2019. I have also been admitted to the Clár na Gaeilge (An Dlí- Chumann)/ Irish Language Register with the Law Society of Ireland.
