I work in general commercial litigation and have a broad range of contentious experience. Cases I have worked on range from complex contractual disputes to defamation and privacy matters to claims arising from misuse of confidential information.

I spent 6 months working in-house for a global digital media company, and have since worked with clients across a range of industry sectors including life sciences, sport, technology and media.

I speak conversational French having spent a year living and working in Montpellier and Paris. In my spare time, I enjoy travel, yoga and socialising with friends.
