I have particular expertise in defending employer's liability, public liability, defamation and road traffic claims on behalf of insurers, airlines and retailers, across all Court levels in Ireland. My practice includes experience in Judicial Reviews, Public Procurement Law, Planning and Environmental Law, Injunctions, Norwich Pharmacal Orders and breach of contract claims. In addition, I regularly represent employers at the Workplace Relations Commission and The Labour Court in respect of employment related disputes.

In my spare time, I train and take part in Triathlons. I also hold a Clerk of the Course Licence (Race) for Motorsport UK and have been appointed to Motorsport Ireland's Stewards panel in respect of investigations and disciplinary tribunals.
