I am experienced in advising on mergers and acquisitions both domestic and cross-border, joint ventures, group reorganisations, venture capital and corporate governance matters.

I advise clients across a broad range of sectors and have a particular interest and expertise in acting for professional services businesses, such as lawyers and accountants, in relation to their merger and acquisition activities and internal structuring arrangements.

My other main area of interest is advising on employee buy-outs as a succession solution, as a member of our employee ownership team.

Outside of work I enjoy travelling, practicing yoga and running around after my young son.
