I advise my clients on all aspects of German and European antitrust law. This covers advice on and implementation of antitrust claims for damages. I also advise on the entire spectrum of German and European merger control proceedings. A special focus of my practice lies in advising companies on compliance issues. I have experience in cooperation with national and European antitrust authorities.

I completed my studies at the University of Leipzig with a focus on "Corporate law". During my legal clerkship in the court district of the Düsseldorf Higher Regional Court, I have already worked for Fieldfisher in antitrust law for two years.

I advise my clients in German and English.
