I am an associate in the Frankfurt office of Fieldfisher and a member of the Finance and Corporate/M&A practice group.

I advise national and international companies, credit institutions and other financial services institutions comprehensively in the areas of banking supervisory law, financial services and capital markets law. I support companies and corporate bodies in matters relating to Corporate/M&A, Corporate Governance and Compliance (Corporate Compliance). Furthermore, I advise issuers, investors and executives on all questions of Capital Market Compliance.

I studied at the Johann Wolfgang Goethe University in Frankfurt am Main. In 2017, I completed the specialist lawyer course for banking and capital markets law and am certified as a Compliance Officer (Univ.). Currently, I am also completing the LL.M. course "Master of Mergers & Acquisitions" at the Frankfurt School of Finance.

Before joining Fieldfisher, I worked as a senior consultant for a consulting firm focusing on capital market regulation and compliance.

I have been admitted to the bar since 2019 and advise my clients in German, English and Bulgarian.
