I specialise more particularly in the structuring, organisation, documentation and conduct of business of regulated and non-regulated investment funds (UCITS and AIFs), other investment vehicles (e.g., joint ventures, private fund and private wealth structures) and financial professionals. My practice also covers advising on related matters such as regulatory compliance, AML, data protection, corporate and regulatory governance, ESG.

Over the course of my career, I gained in-depth knowledge in PE/RE transactions, group restructuring, redomiciliation, cross-border mergers, and also developed experience in securitization, bonds issuance and listing with the Luxembourg stock exchange.

My clients include financial institutions, investment funds, corporates, serial entrepreneurs and (UHNW) investors.

I am in regular contact with the Luxembourg Commission de surveillance du secteur financier (CSSF) on all matters relating to the organisation, licensing and conduct of business of investment funds and other financial professionals and sit in a number of working groups.

Before joining Fieldfisher in April 2018, I successfully founded and lead the Asset Management Practice of another Luxembourg law firm. Before that, I was with another leading Luxembourg law firm, where I started my career in 1999, after one year as a litigation lawyer.

I have been cited in The Legal 500 for the three consecutive year: "Extremely knowledgeable and responsive" team head Ingrid Dubourdieu is recommended".

I have been a member of the Luxembourg Bar since 1998. I hold a Business Law Masters Degree with a Certificate in EU Law from the Robert Schumann University (Strasbourg - France), a DESS in International Business Law from the Jean Moulin University (Lyon - France) and a Management and International Business Law Advanced Master from the ESSEC (Paris - France). I speak French and English proficiently, and have a good command of German, Italian and Portuguese.
