I am a Senior Lawyer with experience in [civil and commercial law](#), specialising in the field of [mergers and acquisitions](#). I also have a wide experience advising national and international companies in matters of company and contract law.

I have had the opportunity of participating in mergers at a national and international level, split-offs and many corporation purchases and sales, both from the seller's and the buyer's perspective. Moreover, I have experience in the restructuring of international conglomerates, and I have been the Secretary of several multinational companies in Spain.

I studied Law and Economic Law at the University of Navarra and IESE Business School, respectively. Besides, I have a Master's degree in International Business Law and Legal Practice (admission to the Bar) from Centro de Estudios Garrigues, where I also studied Executive Fashion and Law. Finally, I have a U.S. Business Law Course from Fortham University (New York).
