My practice further focusses on compliance matters, in particular anti-money laundering and capital markets compliance. Further, I am a certified Compliance Officer (TÜV).

I have a wealth of experience in advising on regulatory change projects (such as MiFID II, PSD II and MAR), outsourcing arrangements, internal investigations with regard to potential compliance infringements, as well as in accompanying M&A transactions from a financial regulatory angle.

My clients include in particular domestic and foreign banks, financial institutions, payment service providers, fund managers, FinTechs, intermediaries and unregulated entities.

I started my career as a financial services regulatory lawyer in an international law firm in London. Before joining Fieldfisher, I worked several years as a lawyer in financial regulation in international law firms in Frankfurt.

I studied law at Mainz University where I also completed my PhD with a thesis on EU banking supervision. Further, I am a member of the Bankrechtliche Vereinigung – Wissenschaftliche Gesellschaft für Bankrecht e.V.

I regularly publish articles on financial regulation and compliance matters.

In my spare time, I enjoy travelling and hiking.

I advise clients in English and German.
