I am a fully qualified lawyer and I can plea before the Supreme Court and the “Consiglio di Stato”, with almost 15 years’ international experience advising businesses in this field.

I am a specialist in assisting and representing companies across various sectors in cartels and abuse of dominance cases before the Italian Competition Authority, the EU Commission and the Courts, as well as before the Italian civil courts in stand-alone and follow-on cases.

I’ve developed unique expertise in the regulatory arena, particularly in the transport, pharmaceuticals and telecom sectors, as well as representing several airlines, rails, telcos and pharmaceutical companies in proceedings before the National Competition Authority and the National Regulators.

Since 2007, my practice also has covered unfair commercial practices and unfair competition, as well as distribution and agency agreements.

My professional memberships include the ABA, the IBA, the Aija – Antitrust Commission, the ACE – Avocats Conseils d’Enterprises.

I have spoken and written widely, lectured at the Chicago Kent College of Law (US) and at the Universities of Turin and Rome.

I was voted in Who’s Who Legal – Competition 2018 and Who’s Who Legal - Future Leaders in Competition under 45 in 2018 and 2017 and I’ve been constantly named in the Chambers and Legal500 rankings since 2012.

I advise my clients in English, French and Italian.
