I am a property lawyer with over 25 years' experience in the residential and commercial property industries. I have extensive commercial experience within the fields of bridging and mainstream lending, and deal with all legal aspects of loan transactions from both the lender's and the borrower's perspectives.

I have particular expertise in bridging loans and transactions in residential and commercial conveyancing, with an emphasis on expediting matters through to completion.

I have a strong commitment to client care, efficiency and maintaining the highest professional standards. This is together with a clear understanding of clients' needs, having worked both in private practice and as an in house lawyer for a prominent bridging lender. During my in-house career, I also worked as a legal advisor for a privately owned and funded property developer.

I am regularly approached to speak at industry events, and in 2017 I spoke at two national association of commercial finance brokers (NACFB) gatherings, based on my own experiences.

I am a fellow of the Chartered Institute of Legal Executives (CILEx).
